## CHAPTER 1 In the Beginning

*In the beginning was the word.*

*And the word was with God.*

*And the word was God.*

*—John 1:1 (Genesis 1:1)*

The first words of the Bible speak of creation. They are words that have inspired humanity for thousands of years. But what do they mean? Let me share with you an amazing journey of words, one that led me to revelations that must be viewed as coming directly from God. Furthermore, I offer undisputable proof (which you can replicate) that this is so.

### **The Game of Anagrams**

My journey began with a children's game, **anagrams**. An **anagram** involves rearranging the letters in a word and words in a phrase. "Elvis" can be rearranged into the anagram "Lives." "Lemon" becomes "Melon." Here are some other anagrams of words and phrases:

*"Debit card" = "Bad credit"*

*"Slot machines" = "Cash lost in 'em"*

*"Eleven plus two" = "Twelve plus one"*

*"Dormitory" = "Dirty Room"*

*"Astronomer" = "Moon starrer"*

*"Snooze alarms" = "Alas! No more Z's"*

One day I decided to take the first six words of the Biblical creation story and, just for fun, look for anagrams. Generally, for a phrase of five or six words, any good computer anagram generator (I use Anagram Genius) can find thousands of anagrams. Astonishingly, the very first anagram that emerged for "In the beginning was the word" was:

*"Then God threw in a big new sin."*

Shocked and hoping for further edification, I searched for more anagrams, and found the equally disconcerting recombination:

*"Intertwined benign hogwash."*

## **The Flying Spaghetti Monster**

I was profoundly troubled. It was time to take a new look at the meaning of life and God's message for us all. Where to begin? Should I start with the world's oldest religion? The world's biggest religion? The world's richest religion? The world's most peaceful religion? The noisiest religion?

After much deliberation, the answer came to me in a flash. When considering deep questions about origins, I must start fresh and begin with the world's youngest religion, the one also most invested in its theory of creation. Here there is only one candidate, one for which over 70 percent of its scriptural writing is about its view of creation. The religion: Pastafarianism. Its creation theory: the universe was created by the Flying Spaghetti Monster. The insights of this volume are a chronicle of my remarkable journey.

## **CHAPTER 2**

### **The Flying Spaghetti Monster**

The World's most recent religion started in June, 2005. In a small town in Oregon, Bobby Henderson (age 24) had enough. Frustrated with the Kansas Board of Education's debate on teaching supernatural theories of intelligent design (such as Biblical 6-day creation story) side-by-side with Darwin's theory of natural selection, he wrote an open letter formally requesting that his deity, the Flying Spaghetti Monster (FSM), be given equal time. Here is his request:

Let us remember that there are multiple theories of Intelligent Design. I and many others around the world are of the strong belief that the universe was created by a Flying Spaghetti Monster. It was He who created all that we see and all that we feel. We feel strongly that the overwhelming scientific evidence pointing towards evolutionary processes is nothing but a coincidence, put in place by Him. ([www.venganza.com](http://www.venganza.com))

Bobby backed his request with the threat of legal action. Three members of the Board replied and strongly sympathized with his position (they were the dissenting votes in the debate). A supporter of the Biblical Creation Theory warned “It is a serious offense to mock God.”

Bobby’s religion, “Flying Spaghetti Monsterism,” or “Pastafarianism,” caught on. His website, [venganza.org](http://venganza.org), received many thousands of hits, and noted scholars wrote providing support for his vision that the universe was created by the Flying Spaghetti Monster. Scientists proclaimed: “Prove that it didn’t happen!” Theologians provided logical evidence. (“The Flying Spaghetti Monster is a being with every perfection. Existence is a perfection. Therefore, the Flying Spaghetti Monster exists.”)

Soon the nation’s media noticed, and the Flying Spaghetti Monster appeared in Wired News, the New York Times, and Scientific American. In August, the website Boing Boing offered a challenge, eventually for \$1,000,000, to anyone else who could provide empirical evidence

proving that Jesus is not the son of the Flying Spaghetti Monster (although Jesus is in no way affiliated with Flying Spaghetti Monsterism). The prize was raised by a matching reward of \$1 million of “Intelligently Designed currency.”

The initial beliefs of Flying Spaghetti Monsterism were sketchy. An invisible and undetectable Flying Spaghetti Monster created the universe, starting with a mountain, trees, and “midgit.” Evidence pointing toward Darwin’s theory was intentionally planted by the FSM to distract and test us. However, the existing evidence clearly shows that “global warming, earthquakes, hurricanes, and other natural disasters are a direct effect of the shrinking numbers of Pirates since the 1880s.” As the number of pirates have declined, disasters have increased. This fact has yet to be challenged by scientists or theologians.

Bobby has enunciated a few additional beliefs and practices:

1. The FSM guides human affairs with his “Noodly Appendage.”

2. Prayers to the FMS end with “Ramen” rather than “Amen.”
3. Heaven has a stripper factor and a beer volcano.
4. Every Friday is a religious holiday.
5. FSM teachers must be “baptized” by “holy meat sauce.”
6. It is disrespectful to teach of the FSM without wearing His chosen outfit, full pirate regalia.
7. It is polite to end conversations with the words “May you be touched by his noodly appendage.”

Flying Spaghetti Monsterism has already inspired a rich artistic tradition, as can be seen on its website.

Initial revelations are supplemented by *The Gospel of the Flying Spaghetti Monster* (Henderson, 2006)

## **The Inner Wisdom of the Spaghettigram**

Flying Spaghetti Monsterism might seem like a prank or a spoof. But sometimes viewing things through the eyes of a child helps us to see the truth. Indeed, using the tool of anagrams helped me realize that in the form of the Flying Spaghetti Monster, God is speaking to us through humor. To chuckle or scoff is to miss the point. God is testing us to look past the humor to the truth. Indeed, we shall see that the FSM in his Spaghettigrams states in no uncertain terms his disdain for parody (*"ignorant, empty, flippant moth-eaten spoofing"*). The anagram is the Divine tool of revelation.

All anagrams generated in attempt to seek knowledge about the Flying Spaghetti Monster are called *spaghettigrams*. They are properly organized into four-line verses, or quatrains. Here are the rules.

**Inerrant Angelic Spaghettigrams** are anagrams of the phrase “Flying Spaghetti Monster” with no words added. These are the most prized and important anagrams.

**Wisdom Spaghettigrams** are anagrams that add any topic, name, or phrase to the phrase “Flying Spaghetti Monster.” Thus, “sexuality and the Flying Spaghetti Monster” can produce a proper Wisdom Spaghettigram. A Wisdom Spaghettigram is often a question, as one might ask a oracle. “Does the Flying Spaghetti Monster permit polygamy?”

**Illuminary Spaghettigrams** include at least one key word from the FSM lexicon, for example:

*Noodle*

*Noodly Appendage*

*Pirate*

*Fish*

*Kansas School Board*

*Beer Volcano*

The key word must be logically a part of the phrase to be submitted to anagrammatic analysis. Thus, “Noodles are food” would not be acceptable, where

as “May you be blessed by his Noodly Appendage” (“Debasingly moneyless, baboon-headed yuppy.”)

Finally, the FSM prefers to communicate in terms of quatrains, or four-line verses, like the quatrains of Nostradamus, the 16<sup>th</sup> century French physician, astrologer, and prophet. Nostradamus created a total of 942 quatrains. Here are a few examples:

*The human realm of Angelic offspring  
Appearing at the time of the great games of slaughter  
It will be seized and plunged into the Vat  
High price unguarded none will have provided for it*

*The gods will make it appear to the humans  
The bird of prey offers itself to the heavens  
Everlasting captive times what lightning on the top  
Late and soon comes the awaited help*

*When the fish that travels over both land and sea  
is cast up on to the shore by a great wave,  
its shape foreign, smooth and frightful.  
From the sea the enemies soon reach the walls.*

The astute reader will readily see that the quatrains of Nostradamus often sound like Spaghettigram quatrains. This is evidence of the validity of the Spaghettigram.

Finally, all religious scriptures require interpretation. Typically, such interpretative literature is more extensive than the volume of primary scriptures. That branch of interpretative scholarship for pastafarianism is termed “noodlology.” This book presents Spaghettigrams and noodlological analysis.

## CHAPTER 4

### The Inerrant Angelic Spaghettigrams

All of the gems of inner wisdom presented in this chapter are anagrams of the “Flying Spaghetti Monster.” As such, they are truly words of wisdom that come *directly* from the Flying Spaghetti Monster. No other world religion can make such a provable claim about its deity.

First, let me explain a few things about how this book is set up. Anagrams are printed in a *special font*, preceded by a small symbol that resembles tiny plate of tossed and splattered spaghetti (✱). Thus, rearranging the letters of “Flying Spaghetti Monster” gives:

✱ *Almighty pestering fonts.*

We begin with the most central of spaghettigrams, the Original Spaghettigram Quatrain, “Finest Might, Sporty Angel.” The FSM proclaims the wisdom of this quatrain (\* *Gosh! Temptingly fine star.*) We see the FSM symbolized as an “Angel,” a reference that appears frequently in Pastic Quatrains. Once again, all Spaghettigrams in this chapter are anagrams of the words “Flying Spaghetti Monster.”

\* *Finest Might, Sporty Angel*

\* *This strong, if empty, Angel*

\* *Fine, strong, almighty pest*

\* *Temptingly fights reason*

\* *Hastly omnipresent gift.*

Scholarly analysis, noodlology, explains that the FSM is a temptingly fine and mighty star, one given to the sport of fighting close-minded logic and reason. He is an omnipresent gift, always there to be considered.

## **The Inerrant Spaghettigrams and The Four Noodly Truths**

The body of Inerrant Spaghettigrams comprise four groups: 1. The Nature of Illusion and Folly; 2. Sources of Ignorance and Folly; 3. Noodly Virtues; and 4. Spiritual Exercises.

### **THE NATURE OF ILLUSION AND FOLLY**

What are truth and illusion? What are wisdom and folly? The Inerrant Quatrains reveal that often the myths of illusion tempt us like a star; however, we should see that following the path of error exposes us to the sting of the powerful serpent of a false angel. Illusion is a fog, a flimsy ghost, nothing more than an empty slot in the game of life.

- ✱ *Oh! Star feigns temptingly.*
- ✱ *Far-seeing plotting myths.*
- ✱ *Sting of almighty serpent.*
- ✱ *This sporty angel figment.*

- \* *Ghastly if pertinent smog.*
- \* *Frighten temptingly as so.*
- \* *Flimsy penetrating ghost.*
- \* *Frightening as empty slot.*

## **SOURCES OF ILLUSION AND FOLLY**

The Inerrant Pastragams teach us how to detect illusion and folly. Quatrains direct our attention to: Love and Sex, the Self-Tormenting Ego, the Chains of Desire, and the Problem of Anger.

### **Love and Sex**

- \* *Tempting 'n' faithless orgy.*
- \* *Phony flirt gets steaming.*
- \* *Self-pitying tenth orgasm.*
- \* *Hot self-pity G-string. Amen!*
  
- \* *Finest porn gets almighty.*
- \* *Niftiest, ghastly porn gem.*
- \* *If mighty angel tests porn,*
  - \* *Porn feigns stately might.*
- \* *Filthy G-string poets. Amen!*

### **The Self-Tormenting Ego**

- \* Self-tormenting, hasty pig.
- \* Self-rating egotist nymph.
- \* Self-pitying hag torments.
- \* Smother self-pitying gnat.

### **The Chains of Desire**

- \* Fetish groans temptingly.
- \* Penalty of thirsting gems.
- \* This frosty pig gentleman.
- \* Satisfying, rotten phlegm.

### **Problem of Anger**

- \* This petty gem of snarling.
  - \* Self-tormenting, pithy gas
- \* This flimsy, potent nagger.
- \* Strongest, filthy, mean pig.
- \* Snotty if angriest phlegm.

## **NOODLY VIRTUES**

Every religion has its favorite catalog of virtues. The FSM favors Cleanliness, Courage, Humor, Bearing Witness, and Renunciation. Again, the quatrains, and quatrain fragments, speak for themselves.

### **Cleanliness**

- \* *Filth* torments sane piggy.
- \* *Filthy*, strong pest enigma.

### **Courage**

- \* *Mighty* saint, flog *Serpent*
- \* *Frighten* stagy simpleton.
- \* Fate so implying strength
- \* of a serpent's mighty glint.

### **Humor**

- \* Penalty of tight grimness.
- \* Honest, grim self-pity gnat.

### **Bearing Witness**

- \* My! The self-rating posting.
- \* Salty might of presenting.

### **Renunciation**

- \* *Thrifty*, penniless maggot.
- \* Not *thrifty*, pleasing gem.

## **SPIRITUAL EXERCISES**

The FSM encourages all forms of prayer and devotion. However, he encourages us to engage in three core techniques: Pastation, Noodlation, and Saucery.

## **Pastation**

One practices pastation by simply thinking positive feelings or having positive fantasies about the most positive aspects of the FSP. One “pastates” oneself (or becomes “pastate”) before the deity. One might entertain a fantasy about “being supported,” “the noodly appendages of love that bind the universe,” “sharing,” and so on.

## **Noodlation**

Noodlation is a way of emptying the mind. It is expressed in the following Noodlation Quatrain:

- ✱ *Forget simplest anything.*
- ✱ *Ghost- empty self-training.*
- ✱ *Angel's empty of thirsting.*
- ✱ *Angel hits strong, if empty*

One practices noodlation by meditatively repeating the mantra “nooooo” (pronounced “nuu”), slowly, over and over and over. Whenever your mind wanders, don’t get upset, or “spill the pasta.” Gently, and easily return to

savoring every drop of spaghetti sauce. Do not linger on any drop, or think about how the sauce was created. Instead, simply attend to each drop of sauce that comes and goes. The universe is experienced as the “great sauce that is everywhere.”

## **STRUGGLES**

Pastation, noodlation, and saucery are not easy. They take time, effort, and diligence. Many barriers can emerge along the path. The following Spaghettigrams poetically describe some of the struggles of the path. For each there is no concrete correct interpretation. When you practice pastation, noodlation, or saucery, let your mind dwell upon one of these quatrains. Do not try to deliberately figure it out. Let your subconscious speak to you. All you have to do is listen with an open mind.

- ✱ *Lightning-fast, remote spy,*
- ✱ *Spy something flattering.*
- ✱ *Fragment this tiny gospel*
- ✱ *Finest ghostly tampering,*

- \* Floating, mighty serpents.
  - \* From angel's petty insight
- \* Thrifty poem stings angel.
- \* Often angel strips mighty.
- \* Serpent of almighty sting.
  
- \* Poets rant shiftingly. Gem.
- \* Patient ogres fling myths.
- \* Stylish poet fragmenting.
- \* Atoms step frighteningly.
  
- \* Ghastly, impenitent frogs.
- \* Fine, strong almighty pets
- \* Ghastly, omnipresent gift.
- \* Angel's gift or inept myths.
  - \* Forget anything misspelt.
  
- \* Angel's often mighty trips.
- \* If angel's mighty portents.
- \* Saintly, top gem frightens.
- \* Plotting far-seeing myths.
  - \* Fleeting myths or apt sign?

- ✱ *Mighty farts not sleeping.*
- ✱ *Fart hissingly potent gem.*
- ✱ *Gosh! Tiny, tempting flares.*
- ✱ *Gritty feelings . . .phantoms?*

## CHAPTER 5

### The Meaning of Love

Love is central to all religion. What does the Flying Spaghetti Monster really think of love? His sole Inerrant words on the topic, perhaps, sublimely subtle, defy easy interpretation. Recall the “Love Quatrain”:

- ✱ *Tempting ‘n’ faithless orgy.*
- ✱ *Phony flirt gets steaming.*
- ✱ *Self-pitying tenth orgasm.*
- ✱ *Hot self-pity G-string! Amen!*

In this chapter we turn to the Wisdom Spaghettigrams in search of further insight into the subtleties of this quatrain. We examine Love, Abstinence, Compassion, Service, Heterosexuality, and Homosexuality. In this chapter we turn to Wisdom Spaghettigrams, anagrams in which a key word is added to the phrase “Flying Spaghetti Monster.” Thus the love quatrains are all Spaghettigrams of the phrase, “Love and the Flying Spaghetti

Monster,” abstinence quatrains are Spaghettigrams of “Abstinence and the Flying Spaghetti Monster,” and so on.

### **LOVE (and the Flying Spaghetti Monster)**

The first Love Quatrain warns of false love, “favored, tempting angel.” Although the angel of false love may be pleasing and fervent, it in fact tests us.

- ✱ *Honestly! This favored, tempting angel.*
- ✱ *Soothingly venerated tempting flash.*
- ✱ *Oh My God! This fervent, pleasing talent.*
- ✱ *God In Heaven! Ample fortnightly tests.*

The second Quatrain shows us more of the angel of false love. He is handsome, hot, and shapely. But tempting as this type of love might be, the quatrain hints at a warning; the tempting angel is negligent, a flirt, stealthy, and a nymph. Partaking in love with this angel presents one with a test (“test drive”).

- \* *Top-heavy, handsomest, negligent flirt.*
- \* *Test-driving of shapely, hot gentleman.*
- \* *Permanently invested of a ghost-light.*
- \* *God-given nymph of stealthier talents.*

The third and fourth quatrains reveal the true nature of the angel of false love. It is indeed Satan. And what makes this love Satanic is its filthiness and violence (“hot-tempered,” “angry,” “hothead,” “dogfight,” and “malevolent.”) Indeed the violence of false love promises a living death that can fragment even the love poets.

- \* *Slovenly fighting hot-tempered Satan.*
- \* *Stifling, over-the-top, shady gentleman.*
- \* *Grindingly moth-eaten loveshaft pest.*
- \* *O My God! Splattering heaven-sent filth.*
  
- \* *Self-violent, angry, tempting hotheads.*
- \* *Snottily avenging hot-tempered flash.*
- \* *Malevolent, spiny dogfight threatens.*
- \* *Honestly! Poets fragment living death.*

The final quatrain offers a glimmer of hope. The victim of false love must realize, loathe, and hate his or her depravity, and recognize that false love renders one a self-tormenting ghost (sexually obsessed by his “top-heavy dangle”). Only then is true forgiveness possible. The quatrain ends with an exuberant “Tally-ho!” Of course, “Tally-ho!” is a hunting cry. When fox hunters sight a fox, they shout “tally-ho” to urge their hounds for a vigorous chase. Thus we learn that forgiveness is not an end in itself, but a “tally-ho” that urges us to pursue the hunt for Satan and his false love.

- ✱ *Strangely hating of this development.*
- ✱ *Ghost self-loathing, tiny depravement.*
- ✱ *This self-tormenting, top-heavy dangle.*
- ✱ *Forgiveness and the tempting tally-ho.*

### **ABSTINENCE (and the FSM)**

One might reasonably surmise that the FSM advises abstinence. However Wisdom Spaghetigrams for “Abstinence and the Flying Spaghetti Monster”

revealed a different message. Abstinence is a frightening, stony-faced, flashy, misbegotten, pedantic, and disenchanting bonehead.

- \* *Frightening bonehead attempts incessantly.*
- \* *Stony-faced, bantering, tempting healthiness.*
- \* *Flashiest, misbegotten, enchanting pedantry.*
- \* *This beast of prey -disenchanting tanglement.*

### **COMPASSION (and the FSM)**

In his Compassion Quatrains, the Flying Spaghetti Monster makes an unexpected distinction, one between compassion and parody. The first quatrain celebrates the poetry and strength of compassion, its “fetching, important pleasantness.”

- \* *Almighty poet's fine strength and compassion,*
  - \* *Hypermodest neat, lightning-fast compassion,*
  - \* *Is fetching, important pleasantness.*
- Oh My God!*
- \* *Forthcoming, happiest and saintly gemstones.*

- \* *Sharpness of temptingly magnetic sainthood.*
- \* *Contrast stampedingly spoofing heathenism.*
- \* *Pig self-tormented, sycophantish antagonism.*
- \* *Fragment opinionated mightless sycophants.*

The saintliness of compassion is contrasted with “the heathens” who parody or spoof saintly compassion. Spoofers are condemned as “pigs,” “self-tormented,” “opinionated,” and “mightless.”

- \* *Softest idea man enchants grippingly smooth.*
- \* *hot-tempered Satanism snatchingly spoofing.*
  - \* *Sad spoofing nightmare impotently chastens*
- \* *Oh My God! Hesitant flippantness grimaces not.*
- \* *Oh My God! Ignorant pittances flash emptiness.*
  
- \* *Goodness! This moth-eaten, smarting flippancy.*
- \* *Hypocrite's stinging. Madman's elephant's-foot.*
- \* *Lightning-fast, moody, moth-eaten scrappiness.*
- \* *O My God! Smashing pretentions flash pittance.*

Those who spoof flippantly eventually face the torment of the dogfight they have created. They are sycophants to spoofery. Their softheadedness becomes chastened, as they moan in penitence.

- \* *Pessimally dogfight torments inane sycophant.*
- \* *Fat lemmings dishearten stooping sycophant.*
- \* *Moaningly stropping softhead chastisement.*
- \* *Compassion! Moans ghastly frightened penitent*

### **SERVICE (and the FSM)**

Spaghettigrams admonish us to express love and compassion through service to humanity.

- \* *Fetching, persevering, stealthy saintdom.*
- \* *Festively championing dearest strength.*
- \* *Assertive strength if gently championed.*
- \* *Farsightedly enchant sportive meetings.*

This quatrain shows us the five saintly qualities of good “fetching” service: *assertive, persevering, quiet (stealthy,*

*gentle*), *farsighted*, and *enchanting*.

*Assertive*: Be bold in helping others. Don't wait to be asked. Offer your assistance the moment you see a need.

*Persevering*: Once you make a promise to help, follow-through and follow-up. Continue in the face of frustration, absence of immediate reward or appreciation, or obstacle.

*Quiet*: Don't boast about how virtuous you are in serving others. Above all, never, **never**, say that you are performing service because of the Flying Spaghetti Monster (or that you want to share the Flying Spaghetti Monster with others, or share the Sauce.) Service is its own reward.

*Farsighted*: When you offer help, get the big picture. Offer assistance that will last. It is better to teach a woman to fish than to give her a bowl of pasta.

*Enchanting*. Don't forget to have fun. And by all means do not lose your sense of humor. If necessary, ask the FSM for "the gift of humor."

## **HETEROSEXUALITY (and the FSM)**

Interestingly, the FSM concern with heterosexuality is not particularly lofty or philosophical. Reminiscent of the health-based restrictions of the Biblical Book of Leviticus, the FSM provides specific restrictions on heterosexual practices. The First Straight Quatrain observes that young heterosexuals experiment, often hastily with various sexual practices at times seen as taboo.

- ✱ *Softheartedly experimental,*  
*hastiest young thing.*
- ✱ *toughish anal-sex torments*  
*hyperelegant fetidity .*
- ✱ *Frightened, naughty oral-sex*  
*hesitates impotently.*
- ✱ *Youngest faintheart threatens,*  
*explodes mightily.*

There are risks to this experimentation, sex hygiene and the advice of sexology gets “thrown out of the window”

(defenestrate). Such risk-taking is essentially defeatist.

- \* *False-heartedly snotty,*  
*thuggish experimentation.*
- \* *Triumphantly defenestrating*  
*heathiast sexology.*
- \* *Stoutheartedly hating self-important*  
*sex hygiene.*
- \* *expertly soothing defeatism*  
*threatens naughtily.*

Self-proclaimed sex experts often compound the problem. Experts with their own sexual conflicts may utter threats. Poor advice may seem flashy. Advice from well-meaning female mother-figures may be uninformed, and further agitate the problem. Even expert professionals contribute to the problem with exhortations that often seem excessively sentimental to young heterosexuals.

- \* *Oh My God! Filthiest expert*

*threatens nauseatingly.*

✱ *Tauntingly threaten flashiest expertise.*

*Oh My God!*

✱ *Inexpertly enthusing motherly  
softheads agitate.*

✱ *Hypersentimental egghead  
exhortations stultify .*

This can end in exhaustion and drug  
abuse.

✱ *Hyperemotionally exhausting  
defeatist strength.*

✱ *Goodnight! Shiftily exasperate  
ethylene tantrums.*

## **HOMOSEXUALITY (and the FSM)**

Unlike many of the world's deities, the FSM is quite sympathetic to homosexuality and is fully attuned to the current struggles of gays and lesbians. The first Gay Quatrain begins with an exuberant celebration of those who experiment with their homosexual

inclinations. The quatrain ends with an observation that of all the sources morality-figures in the world, mothers provide explanations that truly satisfy. Indeed, gays often “come out” to their mothers, receiving support that strengthens and toughens their resolve to be true to themselves.

- ✱ O My God! *Healthful, tasty,*  
*astonishing experiment.*
- ✱ My *exponential, sought-after,*  
*almighty hedonists.*
- ✱ *Handsomely satisfying to*  
*experimental thought.*
- ✱ *Motherly-toughened explanations*  
*might satisfy.*

The second Gay Quatrain provides an observation of the long sad history of oppression of gays and lesbians, and an exhortation to gay liberation. It begins with the image of the mental hospital, an obvious reference to ancient

condemnations of homosexuality as a mental illness. With a weary, sad, cry of encouragement (“Heigh-ho!”), the quatrain notes that even in the dark past, examples of tolerance of homosexuality surprisingly (mystifyingly) exist. The third pastic verse triumphantly rejects oppression (“Goodnight!”) and proclaims militancy, as long as it is expertly and healthily pursued. This quatrain ends with a goal: breaking out of the closet (“exposing almighty stealthy hedonism”) and freely embracing what gays have long sought after, full implementation of human rights.

- ✱ *I'm sexy, softhearted  
young thing mental hospital.*
- ✱ *Heigh-ho! Outstanding, tolerant  
examples mystify.*
- ✱ *Goodnight! Famously expert,  
heathy militantness.*
- ✱ *Dashingly sexy, sought-after,  
hot implementation.*
- ✱ *Exposing almighty fortunate,  
stealthy hedonism.*

## CHAPTER 6

### The Seven Deadly Sins Revisited

The Seven Deadly Sins were first articulated in the sixth century by St. Gregory the Great and have served as a bedrock for human morality. Gregory listed the sins according to seriousness, the degree to which they offended against God. The least serious sin is Lust, the most serious, Pride. Remember that this chapter contains Wisdom Spaghettigrams (Lust and the Flying Spaghetti Monster,” etc)

#### **LUST (and the FSM)**

If you need proof of the existence of the FSM, consider the vivid and honest quatrains on the perils of lust.

- \* Harlot's deftly tempting naughtiness.
- \* Genital's snotty, thumping self-hatred
- \* Strongest, ill-fated, naughtiest nymph.
- \* Fat, thrusting, smelling spotted hyena!

- \* *Fellations steady thumping strength.*
  - \* *Unpretty delight of smashing talents.*
  - \* *Painfully gnashed tightest torments.*
  - \* *Ungently spitting fathomless hatred.*
- 
- \* *Tightest, stealthy superman fondling.*
  - \* *Ghastly, dishonest, tempting flaunter.*
  - \* *Half-shy, spurting, dottiest gentleman.*
  - \* *Spendthrift genitals molest naughty.*

THERE'S  
MORE!
